BROKEN HEARTS MINISTRIES

Advocating for orphans...

Hello, my name is Aydrian Salgado, I am 11 years old. I am currently in the sixth grade and my great grades have led to academic excellence. I like to study and I want to learn English. I live with my mother, Kelia Salgado, 30 years old in Esparzol, which is very close to our Church. While we are very happy and lucky because we have a place to sleep every day and God is always by our side, our current situation is very hard. My mother works as a stylist from our home and lately she has not had many clients, so we have not been able to meet all the needs, especially now that classes have started and I have to travel by bus. I do not have any type of financial aid. However, my desire to improve grows every day.

I end by thanking you for your desire to help underprivileged children like me, so that we can improve ourselves and get ahead. My gratitude will be infinite and my happiness will be immense, God bless you.
