BROKEN HEARTS MINISTRIES

After she gave birth to her second baby girl. It was found that her husband got infected with HIV and died. Shortly, after few months her second child also died of HIV. Goungaihching also got infected with HIV but luckily her elder daughter is free from the virus.

Because of being infected with HIV her in-laws are unwilling to accept her and chase her out of their house. She badly got sick in 2005 and can't work and earn to support her daughter and meet her needs. She was taken to Ruth Inn in 2006 and have been bedridden till date. Her daughter is studying in 10 grade and is supported by an orphanage home. She is a strong believer of God and often talks about the love of Christ inspite of her difficulties.
